

## Knowledge and competence in Consultation

Community engagement and consultation are key and integral parts of my work. I have adopted a broad range of successful techniques. Since 1999 I have worked extensively on master planning programs in the South West and have focused on the community engagement aspects. I have developed local training and capacity building initiatives including setting up the Devonport Urban Village community office. I have led community engagement programmes and exhibitions in:

- Plymouth; Devonport, Barn Barton, University, Derriford and Southway
- Torbay; Palace Avenue Theatre, Brixham Harbour regeneration
- Camborne, Pool, and Redruth; CPR Urban Framework Plan and Cornwall College master plan
- Yeovil; Healthy Lifestyles Centre
- Kingsbridge; town plan, parish plans, Union Road, South Devon Local Action
- Newlyn; Harbour re-development
- St Mary's Isles of Scilly ; harbour redevelopment and Porthcressa masterplan
- North Somerset; South West Bristol and Weston Regeneration
- Jersey; Tall Buildings policy

In my capacity as a CABE and CREATING EXCELLENCE enabler I have assisted on the Urban Growth Point initiatives for South West Bristol and Weston super Mare. For the Eden Project, I have produced information to help engage the community for their Big Lottery Bid (The Edge) I have participated in and have led a number of training initiatives in the region on subjects including:

- Affordable housing; Kingsbridge and Devon
- Design and sustainability; Cornwall Design Statement; Building for Life assessor
- Renewable Energy; Biomass (Eden Project) CHP (Devonport and the Community Energy programme)
